RE: RECOMMENDATION LETTER- SNXB Project

On behalf of the DAL Team I want to thank you and your MIS&R Team for the exceptional job your team provided; supporting DAL construction efforts on SNXB Project. I also know that our client CVX feels the same way.

I have managed numerous very large projects over the years, and I can say this particular project and the various construction challenges thrown at us and your team offshore was handled professionally and efficiently.

The performance of your able team and your supervisors offshore exceeded all of my expectations. Joining our construction team and fitting into the flow of the scope of work was no easy task but the way your supervisors managed your team and their performance was excellent.

As you know one of the most critical deliverables for me was everyone's safety performance, again your team exceeded my expectations in this category as well!

I cannot praise you and your entire offshore team enough for great service and performance achieved on this project. I look forward to another opportunity to work with MIS&R in future.

Sincerest Regards,

A handwritten signature in black ink that reads "Donnie W. Sinitiere". The signature is written in a cursive, flowing style.

Donnie W. Sinitiere  
Chief Operating Officer  
Executive Vice President
